

SEEDS OF LIFE 2018 “A World Without Hunger”

This is the goal of the Canadian Foodgrains Bank. Last Year, the Foodgrains Bank helped 1.1 million people in 39 countries. How?

Through the work of 15 member churches who have people on the ground where the need is great, we provide assistance. **The United Church of Canada is one of the 15 member churches of the Canadian Foodgrains Bank**, along with Presbyterians, Anglicans, Roman Catholics, Lutherans, Mennonites, Nazarenes, Baptists and others. Administration costs are extremely low. In fact, almost 90 % of donated funds go directly to food assistance, nutrition and sustainable agricultural programs. The Canadian government feels that the Foodgrains Bank does such a good job that, in most cases, contributions are matched 4 to 1. Last year the Canadian government provided \$26 million in matching funds.

We here at Port Nelson have a chance to help with a local growing project for the Foodgrains Bank. **Seeds of Life** is a 72 acre farm at Alberton, Ontario (just west of Ancaster) owned by the Brooks family. **For \$400, you can sponsor all input costs for an acre of winter wheat in 2018.** When harvested, the proceeds should be about \$500 to \$600 depending on weather and market prices. With matching funds from the Canadian government **your donation could turn into as much as \$2500 for world food assistance.** That is a pretty good return! Any contribution - large or small – will help with this year’s crop.
